The HighScope Method of Teaching for Active Learners

HighScope is an approach to education used in both public and private childcare centers, preschools, and kindergarten programs, as well as the national Head Start programs in the United States. HighScope refers to the independent organization created by the late David P. Weikart, designed to continue a research project he began in Ypsilanti, Michigan public schools.

Featuring a 1" high design, these scope rings give tactical shooters the edge they need to make adjustments and accurately hit the target every time. We're here for you. Most orders ship within 24 hours (excludes firearms).

1" High Scope Rings | Cheaper Than Dirt

A HighScope classroom's daily routine helps children understand what happens next. 3 It usually includes time outside, computer work, and group interaction time. The classroom is a busy one, with students often working on different things in center-type environments. While there is a lot of independent work, coming together as a group is highly encouraged.

Bing: All About High Scope

The name "High" was chosen to signify the aspiration level, and "Scope" described the breadth of the vision they hoped to achieve. In 1962, while he was a special education director, he began a preschool program in an effort to overcome a small

district's ineffective system of coping with rampant student failure by holding children back.

Big Beats for Young Peeps | HighScope

Implementing HighScope into your preschool program is now easier than ever. Research based and child focused, the HighScope Curriculum uses a carefully designed process — called "active participatory learning" — to achieve powerful, positive outcomes. As teachers, parents, and educational researchers have discovered, the HighScope Preschool Curriculum not only helps young children excel in language and cognitive learning but also promotes independence, curiosity, decision-making ...

HighScope - Wikipedia

The HighScope Educational Research Foundation studies methods of early childhood education based on the methods of the 1962 Perry Preschool study. It was founded in 1970 by psychologist David Weikart. The Perry Preschool study has been noted for its "large effects on educational attainment, income, criminal activity, and other important life outcomes, sustained well into adulthood". The philosophy behind HighScope is based on child development theory and research, originally drawing on the work

At All Kids First, we believe that our High/Scope Curriculum will help children become self-reliant problem solvers who can set their own goals and follow through on them independently. We work towards this goal by offering children opportunities, within a carefully planned routine, to work and play independently, to make choices, to pursue their own interests, and to solve problems that may arise during the process.

High Scope | highscope

The HighScope Preschool Curriculum includes defined teaching practices that enable adults to create engaging classrooms where children learn through active participatory learning. HighScope's unique incorporation of the plan-do-review process, support in developing conflict resolution skills, and focus on adult scaffolding produces an early learning environment where all children can thrive.
