Style in the Arts: A Method of Stylistic Analysis

### 25 Free Professional PPT Templates for Project Presentations

Stylistic Analysis. The term "style" refers to the resemblance works of art have to one another. Enough visual elements must be shared by enough works to make their combination distinctive and recognizable to a number of people. A single cathedral cannot define the Gothic style any more than a single sculpture can define the style of its artist. Furthermore, the idea must convey meaning to enough people to become widely used.
