Double-entry bookkeeping, in accounting, is a system of book keeping where every entry to an account requires a corresponding and opposite entry to a different account. The double-entry has two equal and corresponding sides known as debit and credit. The left-hand side is debit and right-hand side is credit. In a normally debited account, such as an asset account or an expense account, a debit increases the total quantity of money or financial value, and a credit decreases the amount or value. O

### **Double Entry Book Keeping Solutions**

Double-entry bookkeeping is an accounting system where every transaction is recorded in two accounts: a debit to one account and a credit to another. For example, if a business takes out a \$5000 loan, assets are credited \$5000 and liability is debited \$5000. The \$5000 is both an increase in cash and an outstanding debt, according to The Balance.
