International Political Economy | Princeton University Press

Program in Political Economy. Political Economy (PE) is a cross-disciplinary field for students who wish to further their understandings of social phenomena and individual behavior by combining the perspectives of its two constituent disciplines. The program allows and encourages students to use analytical tools from game theory, microeconomics and statistics to study political behavior, and to incorporate a thorough analysis of politics and collective decision-making into

economic analysis.

The Political Economy of International Relations ...

conferences devoted solely to political economy. In short, it appears justified to speak of the “new political economy” as an important field of current research and to conclude that this is not simply a fad, but an area of analysis that is here to stay.² In short, political economy falls into that

Global Political Economy: Understanding the International ...

The concept of international political economy (IPE) encompasses the intersection of politics and economics as goods, services, money, people, and ideas move across borders. The term “international political economy” began to draw the attention of scholars in the mid-1960s amid problems of the world economy and lagging development in the third world.

Princeton Program in Political Economy - Princeton University

Gilpin’s exposition of the influence of politics on the international economy was a model of clarity, making the book the centerpiece of many courses in international political economy. At the beginning of the twenty-first century, when American support for international cooperation is once again in question, Gilpin’s warnings about the risks of American unilateralism sound ever clearer.

International Political Economy Princeton University

Preferential trading arrangements (PTAs) play an increasingly prominent role in the global political economy, two notable examples being the European Union and the North American Free Trade Agreement. These agreements foster economic integration among member states by enhancing their access to one another’s markets.

Global Political Economy - Univerzita Karlova

Program in Political Economy. The Department offers a program in political economy track for Economics concentrators. Program participants meet all the general requirements of Economics concentrators, and, in addition: (1) complete two Politics courses at any level other than POL 345 and POL 346 before entering the program; (2) complete three 300-level (or higher) Politics courses during junior and senior years, and (3) conduct junior independent work with a political economy component.
