Offered by Columbia University. The last three or four decades have seen a remarkable evolution in the institutions that comprise the modern monetary system. The financial crisis of 2007-2009 is a wakeup call that we need a similar evolution in the analytical apparatus and theories that we use to understand that system. Produced and sponsored by the Institute for New Economic Thinking, this ...

Money acts as a medium of exchange. As a result, money eliminates the need for barter , which is the exchange of goods and services directly for other goods and services, which requires a double coincidence of wants (a situation in which two people each want some good or service that the other person can provide).
