covers some ground in English that has not been available in translation before. It is not a traditional narrative history and therefore is a little dry in places.

### **The Rapid Rise of Naval Air Power Over Two World Wars**

Abstract. Western commentators often view the emergence of a modernizing Chinese People's Liberation Army Navy (PLAN) through the theoretical lens of Alfred Thayer Mahan, an influential 19th century American naval theorist who advocated an imperialistic brand of sea power modeled on the British example. This approach, however, risks painting a misleading picture of China's naval ambitions because it is based on a hegemonic theory of naval power that most regional powers cannot realistically ...

### **The Rise Of Naval Power In Asia Pacific Paperback ...**

The Influence of Sea Power Upon History: 1660–1783 is a history of naval warfare published in 1890 by Alfred Thayer Mahan. It details the role of sea power during the seventeenth and eighteenth centuries, and discussed the various factors needed to support and achieve sea power, with emphasis on having the largest and most powerful fleet. Scholars considered it the single most influential book in naval strategy. Its policies were quickly adopted by most major navies, ultimately leading to ...
